

Official Transcript and Diploma Policy

January 2020 and beyond

Christie's Education has ceased operations and Christie's Inc. will process and manage transcript and diploma requests from January 1, 2020.

Transcripts

Both official and unofficial transcripts can be requested using the alumni portal on the Christie's Education website. Transcripts can be sent as a PDF electronically or via hard copy.

Transcripts must be produced in hard copy and include original signature and a raised seal to be considered official. All grades are final and no changes will be considered.

Please include your full name, the name of your degree, your date of enrollment and graduation in the request in addition to the email and mailing address of where you wish your transcript to be sent.

Diplomas

Copies of diplomas are available upon request through the alumni portal, but no official replacements can be produced.
